Marquis Communities Development Inc. and IBI Group are proposing a land use application for a multi-residential building at 5651, 5651R & 6211 Nose Hill Drive NW in the community of Scenic Acres. The site is located to the north of the Alberta Forestry site between Nose Hill Drive NW and Bearspaw Dam Road NW and between 87th St NW and 85th St NW. This land is a remnant piece of the Scenic Acres community that was displaced by the alignment of Nose Hill Drive NW.
